HSe HEAT SHRINK TUBE

Engineered for Electricians

Industrial Tube and
Label Printer for
Electrical Marking

PT-E800T

- Prints on tubes up to 6.5mm
- Prints on TZe laminated tapes up to 36mm wide
- Prints on HSe Heat Shrink Tube up to 31mm
- Switch between tube and label printing with twin engines
- Print more per label with additional printable height
- 360dpi Print resolution
- Optional Li-ion rechargeable battery available

Get the job done in no time with this robust industrial tube and label printer

Twin Engines

Meet the first industrial printer with twin engines. With just one machine, you can print on tubes up to 6.5mm and labels up to 36mm without the need to swap cartridges

Zero Fuss

Switch between tube and label printing without replacing or re-inserting supplies. Need to replace worn-out parts? You can do it yourself in a few quick steps

Maximum Printability

Print more on each label and ensure the legibility of your text with the benefit of additional printable height

Perfectly Portable

Get the printer working wherever, whenever with the rechargeable Li-ion battery.*

*The rechargeable Li-ion battery and battery base have to be purchased separately.

Durable Labels

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight.

Brother HSe tube is a printable heat shrink tube designed for selected P-touch models to mark cables, fibre and wires. The heat shrink tube shrinks when heated to allow easy cable identification and is available in 5 sizes.

P-touch Editor

Supplied as standard, you can create your own custom labels with pixel precision using this brand new software solution by connecting your label printer to your PC using USB Connectivity. The P-touch Editor software offers newly updated features including increased number of specially designed templates, additional number/time and date/barcode functionality and an overall user interface refresh to provide a truly connected solution for creating custom labels

Supplies & Accessories

Ensure the best printing results and a hassle-free experience with these handy accessories that are included in the box

Tube cutter (PA-TC-001)

Cuts the tubes into the specified length quickly and professionally

Cleaner (PA-CL-001)

Cleans the tube to ensure surface is dirt-free before printing

Conveyance rollers (PA-RL-001, PA-RL-002 & PA-RL-003)

Ensures tubes move smoothly through the machine

Ink ribbon (TR-100BK)

100m black ink ribbon used for tube printing

TZe and HSe tapes

Suitable for both office and industrial use, our TZe standard laminated tapes and HSe heat shrink tubes are weatherproof, waterproof and resistant to wear and tear

Specifications

General

Machine Dimensions (W x D x H) mm	338 x 188 x 151
Interface	USB

Tube

Compatible Tube Diameter	2.5 - 6.5mm
Supported Tube Type	PVC
Max Print Height for Tube	6mm
Tube Print Speed	40mm/sec

Labels

Tape Type	TZe, HSe (Heat Shrink Tube)
Maximum Tape Width	Up to 36mm (TZe) and up to 31mm (HSe)
Maximum Print Height for Labels	Up to 32mm
Label Print Resolution	360dpi
Label Print Speed	60mm/sec
Cutter	Auto and half cutter

In the Box

Tape Cassette	36mm Black on White 8M tape (TZe-261)
Black Ink Ribbon	100m (TR-100BK)
AC Adapter	AD9100ESA with 2 Pin Power Cable
Power Cable	USB Cable
User Guides	Product Safety Guide, Quick Setup Guide
Software	Downloadable at support.brother.com

Optional

Li-ion Battery	PA-BT-4000Li
Battery Base	PA-BB-003

Laminated

Temperature Resistant

Water Resistant

Fade Resistant

Abrasion Resistant

Chemical Resistant

Easy Peel

Strong Adhesive

Optional Accessories

Rechargeable Li-ion Battery (PA-BT-4000Li) and Battery Base (PA-BB-003)

Keep your printer fully powered when unplugged with the rechargeable battery
