The P-touch E550WVP label printer can also use Heat shrink tube tape (HSe) in addition to durable TZE laminated tapes.

P-touch laminated labels – designed to last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin, extremely strong label. Characters are formed with a thermal transfer ink and sandwiched between two protective layers of PET (polyester film). The result is a virtually indestructible label that can withstand even the harshest conditions.

P-touch E550WVP

The P-touch E550WVP is an indispensible tool for all electricians and datacom installers. It comes complete with a lithium-ion rechargeable battery and AC adapter, all housed in a durable carry case. Smart technology, QWERTY keyboard, automatic cutter and a large backlit display helps make the PT-E500VP easy to use to print wider labels for marking cables/fiber/wire, faceplates, patch panels, punch blocks and more. Leave a professional impression by creating high quality labels for your installations.
