"As our P-touch P750W is shared over the network, everyone in the office can print labels from their PC or Mac. Print labels using your Smartphone or tablet with the free iPrint&Label app."

P750W

PT-P750W features flexible connectivity options, making it the ideal choice for single or multi-user working environments.

The PT-P750W is a powerful, yet easy-to-use label printer that enables multiple users to connect via a wireless network, print from compatible Apple® iOS and Android™ mobile devices, or connect it via the USB cable (included) to your computer. It enables users on a wireless network to quickly create a wide variety of professional labels using a computer. It's great for individual label printing, but particularly well-suited to multi-label creation jobs thanks to print speeds of up to 30mm per second with repeat printing capability, and an automatic half or full cutter to help save time.

Flexibile Connectivity
Multiple users can connect to the PT-P750W via a wireless 802.11b/g/n network or connect it via the included USB cable.

Great for Developers
Operates on an open-source development platform, it's easy for app developers to integrate label printing into their iOS and Android applications.

Super-fast Printing
The PT-P750W offers super-fast print speeds of up to 30mm per second.

Multiple Power Options
Use the power adapter (included) or AAA batteries or a rechargeable Li-ion battery (optional)

Mobile Device Printing
Install the free Brother iPrint&Label app on your compatible Apple iOS or Android mobile device.

Plug and Play Labelling Software
Includes pre-loaded labelling software that allows you to simply attach via USB to a PC or Mac computer.

Expanded Design Options
Expand the capabilities of the PT-P750W by using the compatible P-touch Editor Label Design Software (included).

P-Touch Laminated Labels – Designed To Last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin yet extremely strong label. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), which protects the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.

P-touch LABELS TESTED TO THE EXTREME ✓

Laminated | Temperature Resistant | Water Resistant | Fade Resistant | Abrasion Resistant | Chemical Resistant | Easy Peel | Strong Adhesion

PT-P750W

Help organise your workplace with clear, high quality, durable labels for your office stationery, archive folders, company assets, shelving, parts labelling and custom signage. Whether you need one or one hundred labels at a time, a Brother P-touch PT-P750W will help ensure your day-to-day work runs as efficiently as you need it to be. With a wide variety of tape widths and colours available, you will be sure to find one that suits your needs.
