What's Your Side?

Creative

Business

Up Your Creative Game

Are you ready to crush your creative goals?
Good. We are, too.

These 10 needles have never looked so good or been more productive. There's also a huge work area that's ready for you to think big – along with a library of built-in designs that'll help keep those creative juices flowing.

Ready for more? How about MORE fonts, MORE editing features and MORE technology that will take your projects to places you've only dreamed of?

A total game changer?
Yeah, we think so.

Welcome to the creative side.

Time to Expand Your Creative Side

Magnetic Sash Frame*

Patent-Pending Brother-Exclusive Hoopnetic Magnetic Sash Frame
Hoop and embroider thick materials with ease. Avoid fabric shifting and the need to rehoop the fabric when connecting designs or embroidering large areas. Just slide the fabric on the frame for the next area to be embroidered.

TOP CREATIVE FEATURE

Expansive Embroidery Area of 360 x 200mm

Perfect for large projects, including quilts and jacket backs. Includes four sizes of embroidery frames:
360 x 200mm, 180 x 130mm, 100 x 100mm, and 60 x 40mm. The machine will automatically detect the size of the hoop needed.
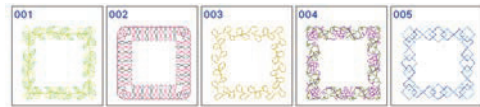

QUILT✳BROIDERY

Are you a quilter who wants to dabble in embroidery or an embroider who wants try their hand at quilting? We call it 'Quiltbroidery!'

Auto Split Quilting Sash

Create beautiful sashing and border patterns sized perfectly for your quilt, up to 300 x 300mm! Patterns are split automatically for your selected hoop. Choose from 20 different motifs. Expand your creative output by selecting from five two-colour quilting sash designs, which are perfect for creating eye-catching, colourful borders.

FIVE TWO-COLOUR QUILTING SASH DESIGNS

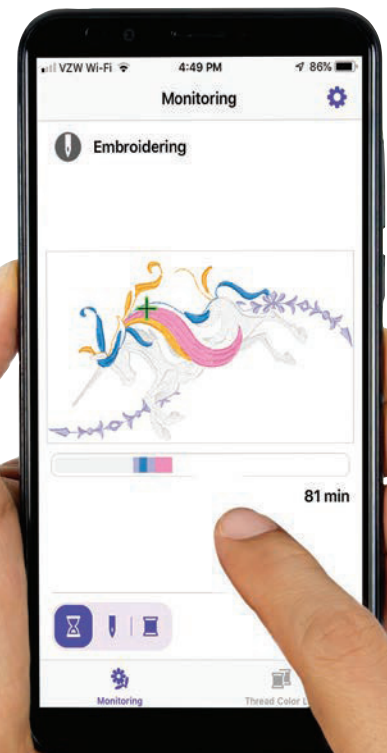

20 DIFFERENT MOTIFS

TOP CREATIVE FEATURE

Built-in Embroidery Designs and Fonts

Explore 1,184 built-in embroidery designs including 140 frame pattern combinations, 40 size-adjustable embroidery lettering fonts, and 11 monogramming font styles.

Wireless LAN Connectivity - My Stitch Monitor Mobile App

With wireless LAN connectivity, keep track of your embroidery with the My Stitch Monitor mobile app on your iOS or Android™ device. Follow the progress of your project and get alerts when its time to change threads or when your embroidery is finished. You will also be notified of upcoming colour changes, which will allow you to prepare the next thread colour needed.

InnovEye Plus Technology for the Perfectionist
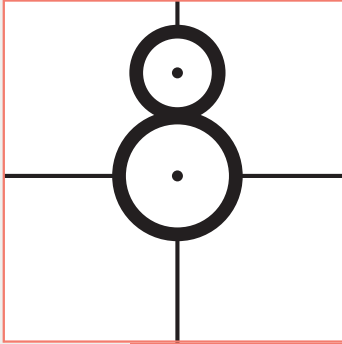

High-Speed Background Scanning

It's like having a built-in camera and scanner! The ability to scan the entire embroidery area provides virtually endless creative options and helps ensure that all your projects are perfect. Precisely place your design exactly where you want it every time. Just scan your fabric or garment, preview your design on screen, and you're ready to embroider. It also works with the optional cap and cylinder frames for tight spaces. With fast scanning speeds, you can spend more time creating, and less time waiting.
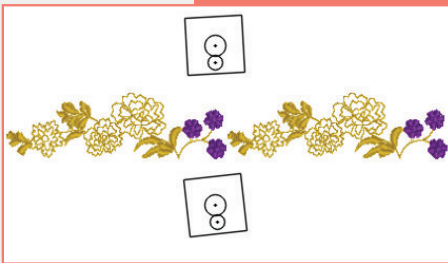

Virtual Design Preview

Get a live, real-time camera view of the needle area and see your embroidery design superimposed on your fabric – no scanning. Also, scan your fabric or garment, preview your design on-screen, and you're ready to embroider. It works with the optional cap and cylinder frames for tight spaces.

Embroidery Positioning Marker

Pair with InnovEye Plus Technology to automatically position the design for precise embroidery placement. Choose from nine options for alignment of embroidery designs.

Embroidery Design Connection by InnovEye Plus Technology

Thanks to the InnovEye Plus Technology, embroidery design connection is easy and more precise. Combined with the Snowman Embroidery Positioning Marker, you can reposition your design many times in many directions. Perfect for aligning designs for borders and quilt blocks.

Grid Function

When the Snowman function isn't appropriate, achieve precise embroidery placement with the built-in grid function. Designed to work in conjunction with the InnovEye Plus Technology, use the grid function to manually align designs.

Broken thread? Use the InnovEye Plus Technology to view the breakage point. Then select the grid function to determine the spot to restart your embroidery.

My Design Center – Make Projects Uniquely you

Brother-exclusive My Design Center built-in software for virtually endless design possibilities

My Design Center integrates with our industry-first InnovEye Plus Technology to offer design capabilities at your fingertips, all without a PC. Plus, with up to 1600% zoom, view the smallest details of your designs on the LCD display.

There are so many ways to create custom personal works of art – and a really fun way to create embroidery!

Draw or doodle directly on the LCD display and watch it spring to life in the large drawing area. Or, use the industry-first ScanImation Scanning Frame to scan drawings, line art, handwriting or printed clip art, and have it transformed into embroidery data. Or, import a JPEG using the USB port, and watch in amazement as the image is turned into stitch data using just the machine.
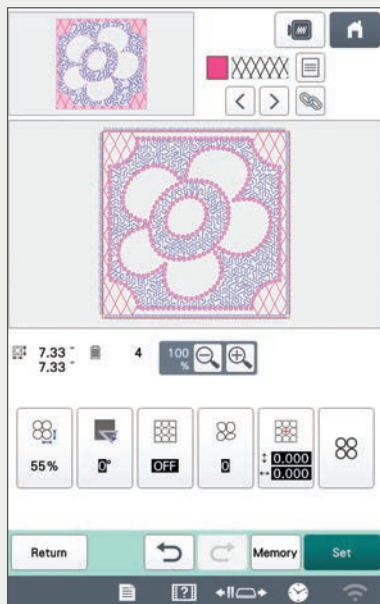

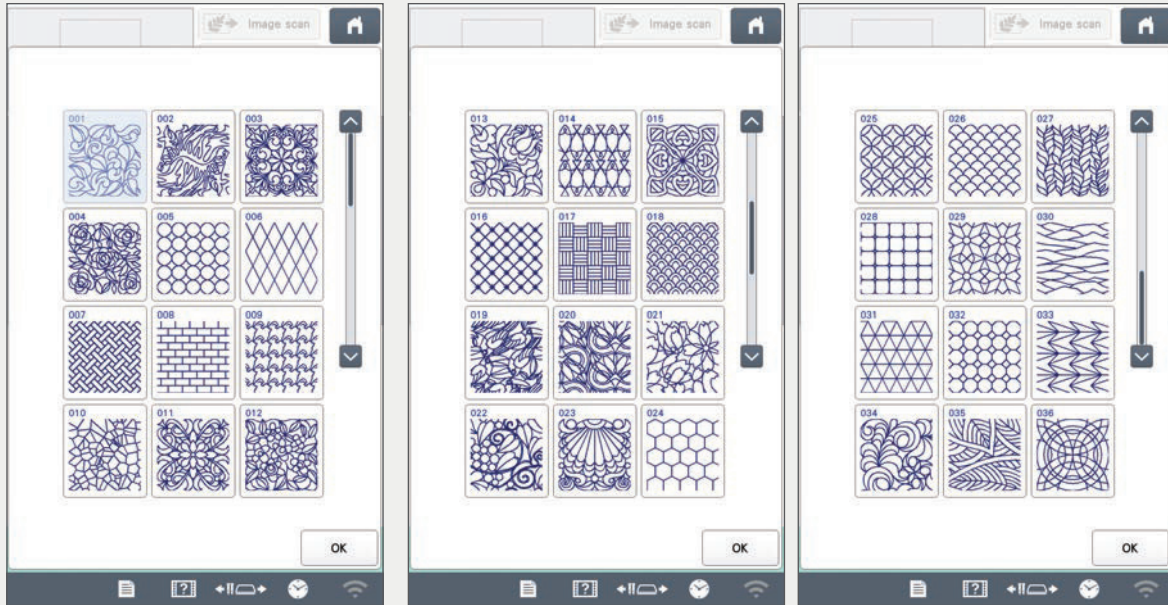

Custom Draw

Use the ScanImation Scanning Frame or draw directly on the LCD display to create your own unique patterns.

Add Beautiful Stippling and Decorative Fills

Accurately add stippling or echo stitching to any embroidery design or quilt block, or save the outline, and then choose from 26 new built-in decorative fill patterns. With the embroidery preview mode that is now 40% wider than previous models, see the selected stippling, or fill patterns before you begin to stitch.

Inside and Outside Auto Stipple and Fill Pattern

Use the built-in library of shapes to add interesting detail to any project. You can combine shapes and apply inside or outside stippling. Choose from decorative fill patterns with separate stitch settings to create unique designs. Includes 60 closed shapes, 30 open shapes, and 5 line options – Satin, Single Straight, Triple Straight, Candlewick, and Diamond.

Stippling

Get the look of complicated freehand stippling without the use of software or stitch regulation!

Let's Get Down to Business

The PR1055X is a creative powerhouse that's an incredible workhorse, too.

Time is money – so we made it easy to get right down to business with features like 10-needle speed, auto-threading, and color sorting. There's no downtime with an important notification system, so you can be super productive. It's portable, too, so you can take your business wherever opportunity leads you. Plus, there are optional features like a Flat Brim Cap Frame to expand your product line.

Is business booming? With wireless LAN Connectivity and optional PE-DESIGN 11 software, you can connect up to 10 machines and grow your side hustle into a full-fledged business operation.

It's not all business, because let's face it – this all started with your creative side. And this machine is made to create. Welcome to the business side.

Turn Up the Speed - with 10 Needles

10-Needle Embroidery

Increase your productivity with 10 needles and stitch designs up to 10 colors without changing thread. With the PR1055X, you can push your creativity to the next level.

10-Needle Auto Threading

As the only multi-needle machine with a built-in automatic needle threading system, you'll thread each needle in seconds – with just the touch of a button!

Adjustable LED Lighting

The effective built-in LED natural lighting system provides adjustable brightness for a more comfortable work area.

Fast Embroidery Speeds

Embroider up to 1,000 stitches per minute in just seven seconds flat with industry-leading high-speed acceleration.
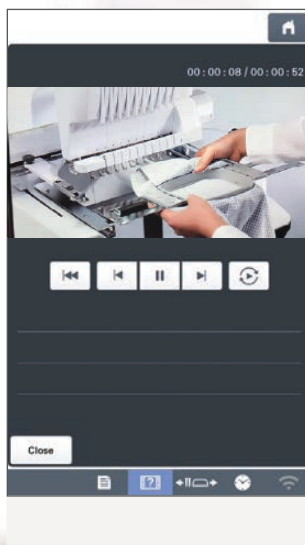

Notification System

Lights under the needles flash to indicate completion and/or errors.

Putting Your Designs on Display in a Big Way

Large 26cm Built-in High Definition LCD Display

View your creations in a class–leading crisp, vivid color LCD display.
Easily navigate with the scrolling menu and large, crystal clear icons.

26cm

Expandable Library of Built-in Tutorial Videos

Built–in HD tutorials make learning easy! View 29 tutorial videos directly on the high definition LCD display, or stream your own creations using the industry standard MP4 format.
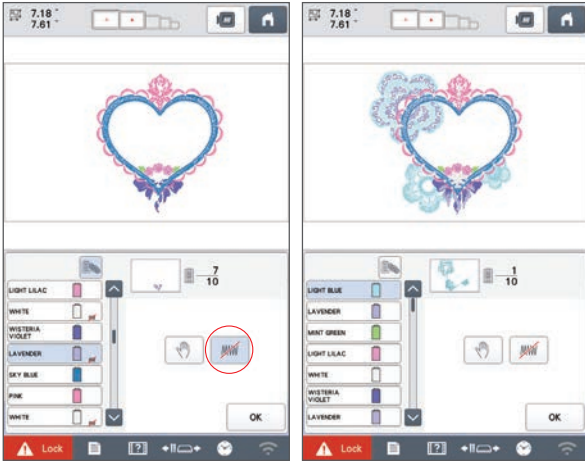

Zoom and Adjustment Features

View your creations in crisp, vivid colour and watch them become larger than life with the new zoom function of up to 1600% within My Design Center and up to 200% in other modes. Easily adjust your design by rotating in 1 degree increments.

TOP BUSINESS FEATURE

Enhanced Embroidery Editing

Elevate your embroidery with best-in-class editing features.

No Sew Button

Allows you to turn off colour sections of a design for even more creative options.

Colour Sort

When combining designs, you can be even more efficient by having the machine sort the stitch order by colour. Reduces colour changes and needle bar movement to minimise embroidery time.

Letter Input and Editing

Input multiple lines of lettering and then go back and edit many different ways. You can insert elements, divide words or phrases, combine selected words, change the style and size of individual letters, and even change font style of a whole line.

Alignment of Text

Easily embroider multiple line poems, phrases, and birth announcements. Also allows for left, center, and right alignment of text.
Group and Ungroup

Easily group letters to move all at once. Great for working on logo projects.

Easy Appliqué Feature

Instant pattern outline to easily create appliqué or to make bespoke embroidered patches.

A New Level of Productivity with Wireless LAN Connectivity

Wireless LAN Connectivity and the My Stitch Monitor Mobile App

With wireless LAN connectivity, keep track of your embroidery with the My Stitch Monitor mobile app on your iOS or Android™ device. Follow the progress of your project and get alerts when its time to change threads or when your embroidery is finished.
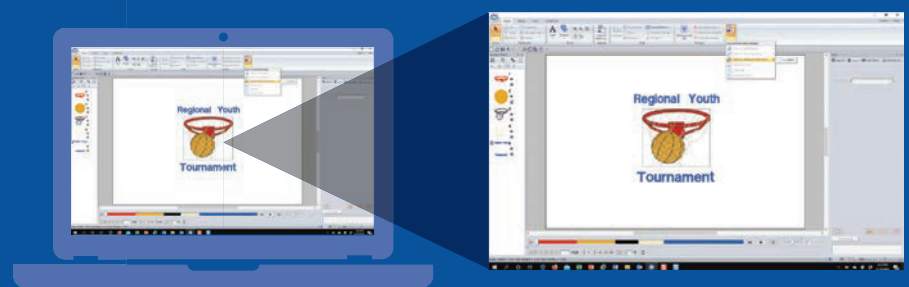

Link Function Using Wireless LAN Connectivity

With wireless LAN connectivity and PE-DESIGN 11 software*, you can link as many as 10 machines without a cable.
